Principal's Message

1958-59 has been a good year! We have anticipated with enthusiasm and interest the dividing of the high school from the elementary school. For this we are indeed happy. We now have ample space and facilities for your growth and development and it is our sincere desire that you take full advantage of these opportunities to develop your capacities.

You are a student body of which all of us are proud. The faculty members stand ready at all times to work and assist you with your problems. We shall continue to be interested in you and to wish for your success and happiness.

Sincerely yours,

Walter L. Stampley, Jr.
